I had already made an iced green tea but I wanted something a bit more...you know...hot. This new drink is rather quick to prepare. Place 2 Tablespoons of green tea in a saucepan and add 2 cups of water. Bring the water to a boil. Turn the heat to low, cover the pan and simmer for 3-5 minutes. Remove the saucepan from the heat and let the tea steep for an additional 3-5 minutes. Remove the tea and gently stir in 2-3 Tablespoons of honey. Enjoy! This is one of those healthy, nutritious dishes that is so easy to make that you can make it a daily meal and have it a bit of a treat now and then. This is a wonderful, light dish. The great part is that it is loaded with nutrients! It is an excellent source of minerals, vitamins, dietary fiber, folate and vitamin K. One 8 oz. can of garbanzo beans is a good source of protein and fiber. Next time I make this, I will make two cans of garbanzo beans. A salad is one of the easiest things to make for dinner. And, it is also healthy. Two easy ways to make a salad is to buy one that has a pre-portioned amount of fresh vegetables and mix and match it in a bowl or to chop up some fresh vegetables and put them in a bowl on the table. However, both of these are different from this recipe. This recipe is not a salad. I am not talking about the salad dressings you find in stores. I am talking about a salad in the true sense of the word. In fact, I might call this a collard green soup. The ingredients are, in no particular order: White beans Garbanzo beans Collard green leaves Tomatoes

Sweet peppers Green onion Cherry tomatoes Cucumber
